1971 CENSUS OF CANADA

Bulletin préliminaire

RECENSEMENT DU CANADA 1971

MANPOWER RES. & DEV. 5-7963

POPULATION BY MARITAL STATUS AND BY SEX

POPULATION SELON L'ÉTAT MATRIMONIAL ET LE SEXE

Final population counts of the 1971 Census are presented in this report by marital status (i.e., single, married, widowed and divorced) and by sex. Figures are shown for Canada, provinces, census divisions, incorporated cities, towns and villages of 10,000 and over, as well as for census metropolitan areas.

More detailed classifications of marital status by sex, marital status by age groups and sex, etc., will be issued at later dates as part of the regular volume series of final reports of the 1971 Census. The purpose of this advance report is to make available summary totals at an earlier date.

Single persons in this report are shown in two broad age categories, viz., under 15 years and 15 years and over. Totals shown under the heading "Married" include all married persons whether living together or living apart for any reason unless a divorce has been obtained.

The 1971 Census figures in this report have been subjected to the confidentiality procedure introduced in the 1971 Census to prevent the possibility of associating small figures with any identifiable individual. Briefly, it involves the random rounding of all last or unit digits. Since totals are independently rounded, they do not necessarily equal the sum of rounded figures in distributions. Also there may be slight differences between comparable figures in this report and those in other census bulletins. This technique will be described in the reports of the 1971 Census volume series.

Each bulletin of the 1971 Census volume series will include measures of reliability in the form of estimates of the mean square error for sets of characteristics covered in that bulletin. The user interested in obtaining an indication of the reliability of these advance data should refer to the appropriate bulletin in the volume series.

Ce bulletin présente les chiffres définitifs de population, au recensement de 1971 du Canada, des provinces, des divisions de recensement, des cités, villes et villages constitués de 10,000 habitants et plus et des régions métropolitaines de recensement, selon l'état matrimonial (c.-à-d. célibataire, marié, veuf et divorcé) et le sexe.

Des classements détaillés de l'état matrimonial selon le sexe, de l'état matrimonial par groupe d'âge et par sexe, etc., paraîtront ultérieurement dans le cadre de la série des volumes du recensement de 1971. L'objet de ce bulletin préliminaire est de communiquer les résultats sommaires le plus tôt possible.

Les célibataires sont répartis ici en deux grandes catégories d'âge: les moins de 15 ans et les 15 ans et plus. Les chiffres figurant sous l'entête "Mariés" comprennent toutes les personnes mariées qui vivent ensemble ou qui sont séparées pour une raison ou pour une autre, à moins qu'elles n'aient obtenu un divorce.

La confidentialité des données présentées ici est assurée par la méthode utilisée au recensement de 1971 pour interdire la possibilité d'associer des chiffres de faible importance à une personne en particulier. En un mot, cette méthode consiste à arrondir au hasard tous les derniers chiffres, c'est-à-dire les chiffres représentant les unités. Ainsi, tous les chiffres ayant été arrondis individuellement, leur somme ne donne pas nécessairement les totaux indiqués. Il peut également y avoir de légères différences entre des chiffres comparables de ce bulletin et ceux d'autres bulletins du recensement. Une description de cette technique figurera dans les bulletins de la série des volumes du recensement de 1971.

Chaque bulletin de la série des volumes du recensement de 1971 renfermera des mesures de fiabilité sous forme d'estimations de l'erreur quadratique moyenne relativement aux groupes de caractéristiques observées. L'utilisateur désireux de connaître le degré de fiabilité de ces données préliminaires devra consulter le bulletin approprié de la série des volumes.

TABLE 1. Population by Marital Status and Sex, for Canada, 1966 and 1971

TABLÉAU 1. Population selon l'état matrimonial et le sexe, Canada, 1966 et 1971

Marital status — État matrimonial	1966			1971
